Re: Public Records Request

Dear Mr. Hamlin:

Thank you for your responsiveness to our prior public records request. Pursuant to Washington Public Disclosure Act, RCW 42.56, Washington Families Standing Together ("WAFST") requests copies of or access to the following documents or categories of documents related to Referendum 71:

Letters, lists or other documents identifying persons who requested their names be removed as signers from petitions submitted to your office on July 25, 2009.

If your office believes that the temporary restraining order entered on July 29, 2009, in Case No. 09-5456BHS (Dkt. #9) precludes you from providing any part of this information, we will accept redacted versions and hereby request complete versions should that order be lifted.

Sincerely,

Anne Levinson
